| <i>Brief Statement of Research Interest</i> | <i>The focus of my research is on the investigation of cause-effect relationship in different fields of Political Science especially on foreign policy of Pakistan. I am particularly interested in analyzing the different dimensions of the topics by applying different strategies. Primarily, my research focus will be on knowledge sharing processes in organizations and research institutions and the effects of diversity. I am also interested in evolving and examining modern techniques to improve the processes of knowledge sharing of my research topics.</i> |
